

Campus Department Awards & Scholarship Opportunities

About

There are many other campus scholarships where selection is made by various committees outside of financial aid. Refer to the linked website(s) to the right of your respective Division and/or college affiliation to learn of and apply for other campus scholarships. Since most of the scholarships have financial need criteria, submitting your [financial aid application](#) by the deadline will increase your chances substantially.

Scholarship Benefits

Scholarships are free money you don't have to pay back. If you have other financial aid, awards typically reduce the amount of loan or work needed to meet your budgeted costs to attend. To learn more about potential impact to other sources of aid, [refer to this infosheet](#).

For additional information, please visit the UCSC Financial Aid & Scholarship website at <https://financialaid.ucsc.edu/index.html>
